

Placement Opportunities - 2013 Batch

At ITS we cultivate a climate where collaboration with industry thrives, generating both breakthrough discoveries and the science and technology that support continuous innovation and growth. With a good track record of very productive relationships with corporations of all sizes, from midsize to mature, we have given opportunity in many companies to our students. It gives us tremendous satisfaction that our Placement Cell is gaining strength with positive results, which are bound to improve further in the years to come. The placement support is a continuous process. Following is the partial list of recruiters for 2013 batch:
