

## **Faculty Colloquium**

The Faculty Colloquium at I.T.S Engineering College aims to provide a forum for the faculty members from different departments to share recent developments and academic ideas of their interest and expertise.

The college plans to organize the faculty colloquium series on every working Saturday with an objective to promote intellectual deliberations at the college level to build a wider knowledge base and to provide faculty with ample opportunity to collaborate on current research paradigms, exchange ideas and foster relationships with one another.

### **The Colloquium objectives include:**

- Strengthening scholarly engagements among faculty members
- Exchanging of cross-disciplinary knowledge and research interests
- Promoting research collaboration, innovations and IP creation within ITS-EC
- Facilitating research outreach (including infrastructural support and seed funding)

### **The Colloquium activities at ITS-EC will include:**

- Presentations of recent developments and academic ideas
- Presentations of most cited/technologically important research papers from renowned academic journals
- Presentations based on new learnings

**The schedule of deliberations for current semester is as follows.**

| <b>Date</b>               | <b>Department</b> | <b>Faculty Name</b>         | <b>Topic</b>                 |
|---------------------------|-------------------|-----------------------------|------------------------------|
| <b>3rd May 2018</b>       | <b>ECE</b>        | <b>Mr. Prabhakar Sharma</b> | <b>Cellular concepts</b>     |
| 12 <sup>th</sup> May 2018 | EE                | Mr. Rajiv Ranjan            | Automation                   |
| 26 <sup>th</sup> May 2018 | CE                | Mr. Saurav Kumar            | Pavement and recent advances |

|                            |     |                       |  |
|----------------------------|-----|-----------------------|--|
| 9 <sup>th</sup> June 2018  | ME  | Mr. Madan Mohan Puram | Future trends & innovations in Transmission technology, A.M.T. |
| 23 <sup>rd</sup> June 2018 | CSE | Mr. K.P. Singh        | DNA Sequence comparison  |
| 30 <sup>th</sup> June 2018 | MBA | Dr. Pallavi Bhardwaj  | Customer Feedback and Service Recovery                         |
